

# UT ECE Graduate Student Jason Soric Wins Third Place at 2012 IEEE International Symposium on Antennas and Propagation and USNC-URSI National Radio Science Meeting <sup>[1]</sup>

## **Publish Date:**

Monday, July 23, 2012 - 7:00pm

UT ECE graduate student Jason Soric won third place among 200 papers in the international competition at the 2012 IEEE International Symposium on Antennas and Propagation and USNC-URSI National Radio Science Meeting held July 8-14, 2012 in Chicago. The event represents the premier international symposium in the field of antennas and propagation. The paper was entitled Experimental demonstration of a conformal mantle cloak for radio frequencies.

Jason Soric is a PhD student supervised by [Prof. Andrea Alù](#) <sup>[2]</sup> in the Metamaterials and Plasmonics Research Group..
